AtlasEdge LIS001 Data Centre

● LIS001

Powered by 10MVA

AtlasEdge LIS001 Data Centre offers over 3.162 m2 of secure resilient space.

Highly efficient carrier neutral data centre facility in Lisbon

AtlasEdge LIS001 Data Centre is located just 14 kilometre away from the nearest major airport, and connected via bus just 200 metre from this site.

This AtlasEdge data centre offers state-of-the-art technology, resilience and 24/7 security and provides over 3.162 m2 of data centre space and alternative carrier routing.

With 10 MVA of power available the data centre will ensure you have the scalability of energy supply exactly when required.

Service excellence

- High level of reliability and resilience
- Consistent and efficient service delivery
- ITIL based service management methodology

Our team is responsible for the entire mechanical and electrical infrastructure at the AtlasEdge Lisbon Data Centre. This includes management of the data halls, capacity management, security, energy procurement and the programme of planned preventative and corrective maintenance work.
