Relentless Infrastructure & Redundancy

Ideal for enterprise applications, MIN4 offers higher density power capacities of 4-14 kW per cabinet. Fully optimized with hyper-effective cooling, utility power and redundant emergency generator power systems to ensure reliable and redundant infrastructure at the region's interconnection hub, the MIN4 expansion offers an additional 16K SQF to support IT deployments with 100% uptime.

Most Connected Building in Upper Midwest

No other data center in the region comes close to the network density of Cologix in the 511 Building. Cologix Minneapolois provides network neutral access to 75+ unique networks in the Meet-Me-Room (MMR), Cologix's robust ecosystem, the Midwest Internet Cooperative Exchange (MICE) and major cloud providers: Microsoft Azure & AWS.

Superior Power, Security & Redundancy Solutions

With redundant utility feeds, N+1 chilled water, with redundant well backup on-site, the Cologix Minneapolis facility offers unparalleled resiliency, redundancy and security compliance including SOC1, SOC 2, HIPPA and PCI compliance.

Why Cologix Minneapolis?
