Montreal's Secondary Carrier Hotel

MTL11 is a new interconnection hub for Cologix, located at 875 St. Antoine in downtown Montreal. MTL11 operates the only other carrier hotel in Montreal. Located six blocks from Cologix's MTL3 data center, the primary carrier hotel in the region, these facilities offer direct connectivity between the two sites. This new facility expands Cologix's footprint in the region with unique subsea cable routes into Montreal as well as 30+ new carriers to the Cologix ecosystem.

Canada's Interconnection Gateway

Cologix operates 11 data centres in the market plus the largest Meet-Me-Room (MMR) in Montreal's premiere carrier hotel, offering direct connectivity to the main hyperscale customers with access to nearly 100 carriers through a diverse, dark fibre ring.

Why Cologix in Montreal?

Cologix is the market leader in Canada with a presence in Montreal, Toronto and Vancouver. With robust connectivity via diverse dark fibre and a very high bandwidth, hyperscale and enterprise customers value the richness of connectivity options from Cologix as well as the reliability, upgrades, redundancies and ease of doing business with Cologix.

MTL11 MONTREAL DATA CENTRE

Site Specifications

MTL11: 875 St. Antoine, Montreal,

Site Information

MTL11 Space:	25K SQF
Total Montreal Space:	790K SQF
Building:	1992; concrete, granite, glass, steel; seismic 2A
