On-Site Carriers

## Brooklyn Park Data Center

8111 Oxbow Creek N Brooklyn Park, MN 55445

The DataBank MSP3 facility is the first facility on our new Brooklyn Park Campus which opened in 2021. Dense power and chilled door cooling options make it the ideal option for the compute-intensive workloads of hyperscalers, content delivery networks, and Fortune 500 companies. This facility also takes advantage of the MN state sales tax rebate on hardware, software, and software maintenance deployed at the site.

Data Center Evolved™

# Why DataBank?

## DATA CENTER EVOLVED™

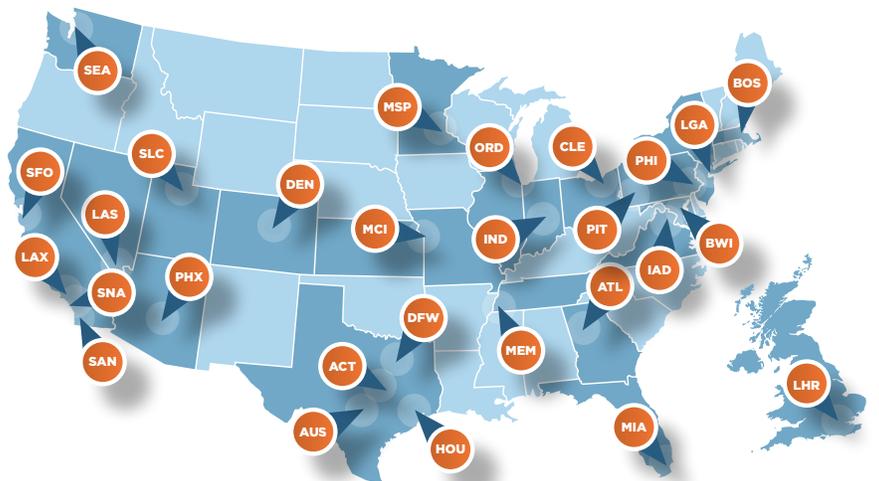

- The largest footprint of metros and data centers in the U.S. capable of putting your workloads within 50 miles of half the population.
- Colocation, interconnection and cloud services with contract portability to help you avoid lock-in to any one strategy.
- Managed security and compliance services that liberate your staff and secure your data and applications.
- 100% uptime guarantee, hands-on support, and a Portal that gives you unmatched visibility and control of your infrastructure.

## Local Service. Boundless Reach.

Our **65+ data centers** are strategically located in **27+ markets** that offer high population densities as well as a concentration of technology business and research universities.

### EACH DATABANK FACILITY FEATURES:

- Robust connectivity
- Highly redundant infrastructure
- Priority power grid access
- Strong structural security
- Secondary carrier hotel option
