Midtown Atlanta Data Center

760 W Peachtree St NW Atlanta, GA 30308

Our ATL1 Midtown Atlanta data center is part of the CODA development – nearly 700,000 square feet of office space in Georgia Tech's Technology Square (a.k.a."Silicon Valley of the South"). Part of the vibrant technology ecosystem built around Georgia Tech, this data center host's the university's High-Performance Computing Center as well as the Southern Crossroads, which provides high speed connectivity to research and education sites throughout the southeast and across the nation.

DATABANK
Data Center Evolved™

Why DataBank?

DATA CENTER EVOLVED™

○ The largest footprint of metros and data centers in the U.S. capable of putting your workloads within 50 miles of half the population.

○ Colocation, interconnection and cloud services with contract portability to help you avoid lock-in to any one strategy.

○ Managed security and compliance services that liberate your staff and secure your data and applications.

○ 100% uptime guarantee, hands-on support, and a Portal that gives you unmatched visibility and control of your infrastructure.

Local Service. Boundless Reach.

Our **65+ data centers** are strategically located in **27+ markets** that offer high population densities as well as a concentration of technology business and research universities.

EACH DATABANK FACILITY FEATURES:

○ Robust connectivity

○ Highly redundant infrastructure

○ Priority power grid access

○ Strong structural security

○ Secondary carrier hotel option
