EdgeConneX Expands in Munich

Located close to Central Munich, Landsberger Strasse 155 is a historic peering and content facility that is being redeveloped to a 2019 carrier neutral specification by EdgeConneX.

EdgeConneX's Munich Edge Data Center® will offer a carrier-neutral network connectivity platform for Cloud, Content, Network and IT providers to deploy their infrastructure in close proximity to their customers in the region, ensuring optimal performance, security, availability, and economics for their services.

At EdgeConneX, we work with our customers throughout the full lifecycle, to deliver capacity, connectivity, and visibility, wherever and whenever they need it.

Our creative approach facilitates innovative distribution models that support your needs at the Edge of the Network. This is the reason that the world's leading and most influential ILEC, Cloud, Content, Network, Wireless, and Enterprise companies trust EdgeConneX to deliver their data.

EMPOWER YOUR EDGE

- For Content & Digital Media
- For Network & Mobile
- For Cloud & IoT
- For Your Business

EDCMUC01 capable of **2.4 MW** total capacity

EDCMUC01 provides a surface of **2,7787m² / 30,000 sqf**

EDCMUC01: multi-tenant, carrier-neutral data center

EdgeConneX Benefits

Capacity

State of the art data center with the flexibility to support deployments ranging from a single rack, to a large custom cage or pod, all the way to a build to suit data center any of which can further scale to meet future needs for growth.

Customer Experience

We aim to deliver a premium customer experience and proximate data center solutions, allowing you to deliver a premium experience to your own customers.

Capability

Purpose-built Tier-3 designed facilities with superior operating reliability, high-density power, and carrier-neutral support to satisfy any customers challenges and demands.

Cloud

Multi-Cloud access solutions for enterprises may be supported locally through our technology and solution partners meaning customers can locally access leading CSP's directly from our Munich Data Center.

Cooling

The facility has robust and redundant power and cooling to support any application, where temperature and humidity is monitored, controlled and managed to industry standards.

Connectivity

Many leading NSP's and MSO's are deployed in our Munich campus and available for interconnection.

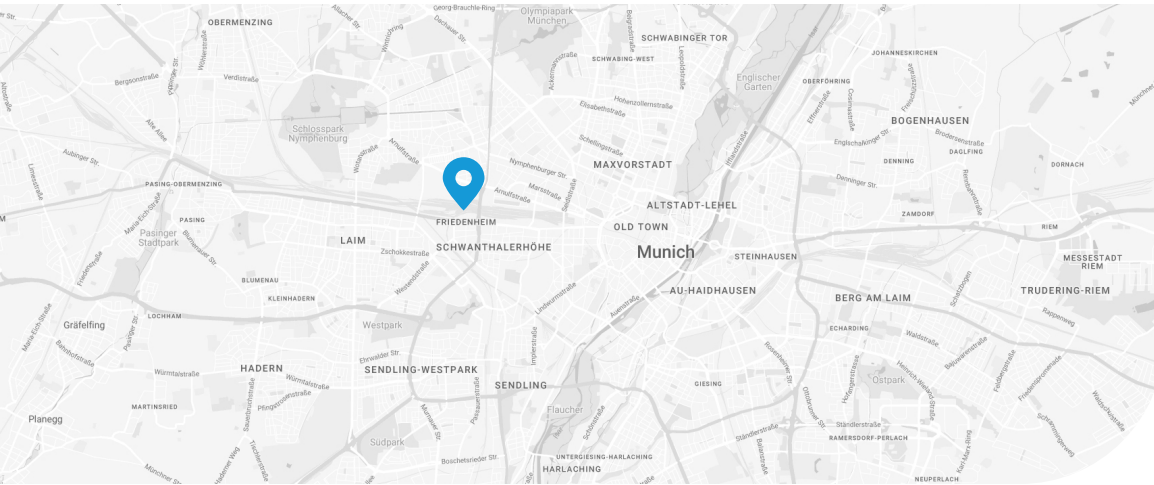

Compliance

The MUC01 data center is SOC2 Type 2, ISO 27001 and PCI DSS compliant.

Partners

Our world-class partners help EdgeConneX deliver the combination of solutions your business needs.

Technical Specifications & Configuration

Space

- 2,787 m² / 30,000 sqf
- 3 km / 1.9 miles from Central Munich
- 40 km / 24.8 miles from Munich International Airport

EdgeOS Portal | DCIM

- Online real-time, 24x7x365, remote and secured Customer access to alarming, monitoring, ticket, network & capacity management for their Data Center infrastructure

Power

- 2.4 MW N+1
- N+1 configuration to include - PDU - UPS - Generators
- Real-time branch circuit monitoring

Cooling

- Temperature and humidity monitored, controlled, and managed to industry standards
- 20 inches / 50 cms raised / under floor forced air plenum
- N+1 CRACs located in separate suites, maximizing customer-designated areas

Security

- Multi-stage security containment systems that use PIN and Biometric access control system
- Mantraps and strictly enforced protocols regarding entry access
- 24x7x365 video surveillance
- 24x7x365 NOC services
- 24x7 manned security

Fire Suppression

- Gas Fire Suppression
- VESDA Early Smoke Detection

Connectivity

- Carrier neutral data center
- BT, Cogent, Colt Fiber, Core Backbone, Console Connect, DE-CIX, DTAG, ECIX-MUC, EdgeCast, euNetworks, GTT, Hurricane Electric, Lumen, LWL, Megaport, M-net, PYUR, Telefonica, Vodafone
- Microsoft Azure ExpressRoute access now available in our Munich data center

Optional Services

- Remote hands services for break fixes, configuration, and troubleshooting
- EdgeConneX Services: design, build, implement, and maintain your equipment infrastructure
