

# Data Center Technical Specifications

### DC3

Washington, D.C. IBX® Data Center

### Equinix Washington, D.C. Data Center

Equinix is the world's digital infrastructure company™. Digital leaders harness our trusted platform to bring together and interconnect the foundational infrastructure that powers their success. Our Washington, D.C. International Business Exchange™ (IBX®) data centers are business hubs for 1,305+ companies. Our D.C. customers can choose from a broad range of network services from 190+ providers. They can also interconnect directly to customers and partners in their digital supply chain.

Our D.C. data centers, located in Ashburn, Virginia; Manassas, Virginia and Vienna, Virginia, are strategic communications hubs for the eastern United States. They're also a major communications gateway to Europe and the largest peering point in North America.

### Washington, D.C. Data Centers Benefits

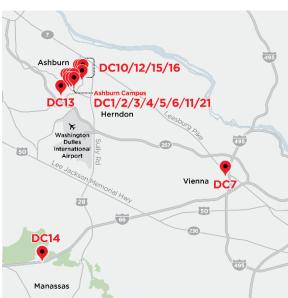

- Compliance with key federal regulations and industry standards
- Proximity to high concentrations of IT, telecommunications, biotechnology, federal government and international organizations in the D.C. area. Proven record for growth in colocation, network density and interconnectivity with roomfor expansion
- Retail and wholesale colocation options provide customers with flexibility in colocation options and cost
- Access to one of the top three peering and exchange markets, including the largest peering exchange on the U.S. East Coast
- Provides connections to key metro areas such as Chicago, New York and London
- Home to one of three GRX peering locations in the world
- Ashburn campus provides connectivity to AWS Direct Connect and Microsoft Azure through Equinix Fabric®

### **Building**

### SPACE

Colocation Space	67,037 ft <sup>2</sup> (6,228 m <sup>2</sup> )
Building Type	1-story, CMU (concrete masonry unit), steel, concrete slab on grade
Parking	Adjacent to building (no charge)
Floor Type	Raised
Floor Load Capacity	200 lbs. per sq. ft. (9.58 kN per sq. m.)
FLOOD ZONE	
Flood Plain Info	IBX elevation above 500-year base flood elevation

### SEISMIC RATING

Seismic Design	1
Category	

### FIRE PROTECTION

Fire Suppression	Double Interlock Pre-action System
	(dry pipe)

### **Facilities**

### POWER AND COOLING

Power and Cooling Density	2.0 – 3.0 kVA per cabinet
Power Distribution	120V/208V
UPS Configuration	Block Redundant
UPS Redundancy	N+2
Standby Power Configuration	6 x 2,000 kW individual diesel generators1 x 2000 kW swing generator
Standby Power Redundancy	N+1
Cooling Configuration	Air-cooled rooftop units
Cooling Redundancy	N+2

### **SECURITY**

Physical	Man trap entry
Human	24/7 on-site security officers
Electronic	Biometric readers, fiber vault, CCTV surveillance with 90-day retention, motion detection

### **Amenities**

- Breakroom
- Loaner Tools
- Crash Carts
- Work Kiosks
- Wifi
- Conference Room

### Products and Services

### **Data Center**

- Private Cage
- Secure Cabinet
- AC Power Circuits
- DC Power Circuits
- Equinix Flex Space
- Antenna

### Interconnection

- Equinix Fabric®
- Equinix Internet Exchange<sup>®</sup>
- Equinix Internet Access
- Metro Connect®
- Cross Connects
- Fiber Connect
- Campus Cross Connect

### Digital Infrastructure

- Equinix Precision Time<sup>®</sup>
- Equinix Metal<sup>®</sup>
- Network Edge

### Services

- Smart Hands®
- Equinix Smart Build
- Equinix Smart View

## Find the latest product availability on <a href="Equinix Marketplace">Equinix Marketplace</a>

### Reliability

Our IBX data centers boast an industry-leading, high average uptime track record of >99.9999% globally.

### Certification and Sustainability

### Certifications

- HECVAT
- HIPAA
- ISO 22301
- ISO 27001
- NIST 800-53/FISMA High
- PCI DSS
- SOC 1 Type II
- SOC 2 Type II

### **Sustainability**

- Renewable Energy Coverage: 100% from RECs from U.S. wind VPPAs and Green-e wind RECs
- Sustainable Tech: LED Lighting

### **About Equinix**

Equinix is the world's digital infrastructure company M. Digital leaders harness our trusted platform to bring together and interconnect the foundational infrastructure that powers their success. We enable our customers to access all the right places, partners and possibilities they need to accelerate advantage. With Equinix, they can scale with agility, speed the launch of digital services, deliver world-class experiences and multiply their value.
