

EQUINIX

## Data Center Technical Specifications

# DA6

## Dallas IBX® Data Center

### Equinix Dallas Data Centers

Our growing Dallas campus provides a strategic hub for 690+ companies. Dallas customers choose from a broad range of network services from 155+ competing providers. These companies interconnect directly to customers and partners in their digital supply chain and leverage Equinix Fabric® to gain control over IT cost and performance issues.

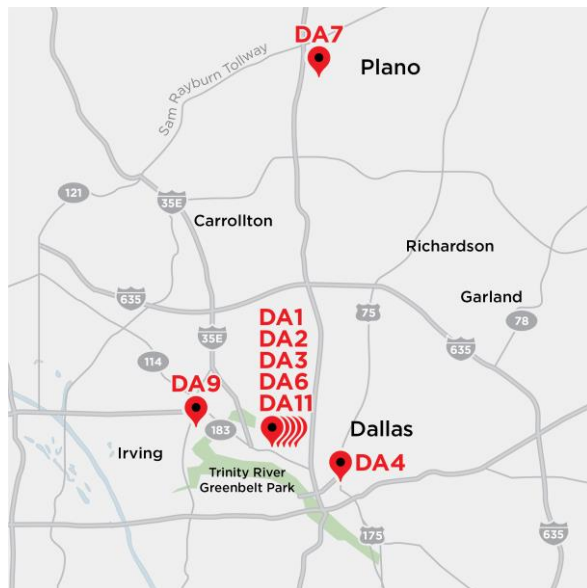

The Dallas-Fort Worth region has long been a major internet and network peering exchange point. Our Dallas data centers serve a high concentration of telecommunications companies and are a major communications hub for the southern U.S.

### Dallas Data Centers Benefits

- The largest internet exchange by participants and traffic volume in the South-Central U.S.
- Mobile messaging and voice services hub
- Presence of multiple CDNs to improve end-user experience
- Access to mobile messaging and voice service hubs
- Access to Central and South American routes
- Close proximity to the 4th largest city by population – Dallas-Fort Worth

## Building

| Space                   |   |
|-------------------------|---|
| Colocation Space        | 71,612 ft <sup>2</sup> (6,653 m <sup>2</sup> )  |
| Building Type           | 7-story, steel concrete structure   |
| Parking                 | Adjacent to the building (no charge)  |
| Floor Type              | Raised  |
| Floor Load Capacity     | 100 psf (4.79 kN/m <sup>2</sup> )   |
| Flood Zone              |   |
| Flood Plain Info        | Zone X  |
| Seismic Rating          |   |
| Seismic Design Category | B   |
| Fire Protection         |   |
| Fire Suppression        | Double-interlocked, pre-action (VESDA) on colocation floor and electrical equipment rooms |

## Facilities

| Power and Cooling           |   |
|-----------------------------|---|
| Cabinet Density             | 2.4 - 4.0 kVA per cabinet   |
| UPS Configuration           | Block redundant   |
| UPS Redundancy              | N+1   |
| Standby Power Configuration | 3 x 2,500 kW diesel generators  |
| Standby Power Redundancy    | N+1   |
| Cooling Configuration       | Air-cooled chillers and CRAH units  |
| Cooling Redundancy          | N+1   |
| Security                    |   |
| Physical                    | Man trap entry  |
| Human                       | 24/7 on-site security officers  |
| Electronic                  | Card readers, biometric readers, fiber vault, CCTV surveillance with 90-day retention, motion detection |

## Amenities

- Break Room
- Loaner Tools
- Crash Carts
- Showers
- Wifi
- Work Kiosks
- Conference Room

## Products and Services

### Data Center

- Secure Cabinet
- Secure Cabinet Express
- Private Cage
- AC Power Circuits
- DC Power Circuits
- Antenna
- Equinix Flex Space

### Interconnection

- Equinix Fabric®
- Equinix Internet Exchange®
- Equinix Internet Access
- Metro Connect®
- Cross Connects
- Campus Cross Connect

### Digital Infrastructure

- Equinix Precision Time®
- Equinix Metal®
- Network Edge

### Services

- [Smart Hands®](#)
- Equinix Smart Build
- Equinix Smart View

## Reliability

Our IBX data centers boast an industry-leading, high average uptime track record of >99.9999% globally.

## Certification and Sustainability

### Certifications

- HECVAT
- HIPAA
- ISO 22301
- ISO 50001
- LEED
- NIST 800-53/FISMA High
- PCI DSS
- SOC 1 Type II
- SOC 2 Type II

### Sustainability

- Certifications: ISO 50001:2018
- Renewable Energy Coverage: 100% from RECs from U.S. wind VPPAs and Green-e wind RECs

## About Equinix

Equinix (Nasdaq: EQIX) is the world's digital infrastructure company®. Digital leaders harness Equinix's trusted platform to bring together and interconnect foundational infrastructure at software speed. Equinix enables organizations to access all the right places, partners and possibilities to scale with agility, speed the launch of digital services, deliver world-class experiences and multiply their value, while supporting their sustainability goals.
