## Denver IBX® Data Center

### Equinix Denver Data Centers

Equinix is the world's digital infrastructure company™. Digital leaders harness our trusted platform to bring together and interconnect the foundational infrastructure that powers their success. Our Denver data centers are business hubs for 95+ companies. Denver customers can choose from a broad range of network services from 15+ network service providers. They can also interconnect directly to customers and partners in their digital supply chain. Equinix metro Denver International Business Exchange™ (IBX®) data centers offer approximately 83,000 square feet (7,725+ square meters) of colocation space.

Our Denver colocation facilities are centrally located in the city's Tech Center district. The facilities offer a full array of premium data center and support services with extensive network choice and the ability to interconnect with a variety of business partners and customers.

### Denver Data Centers Benefits

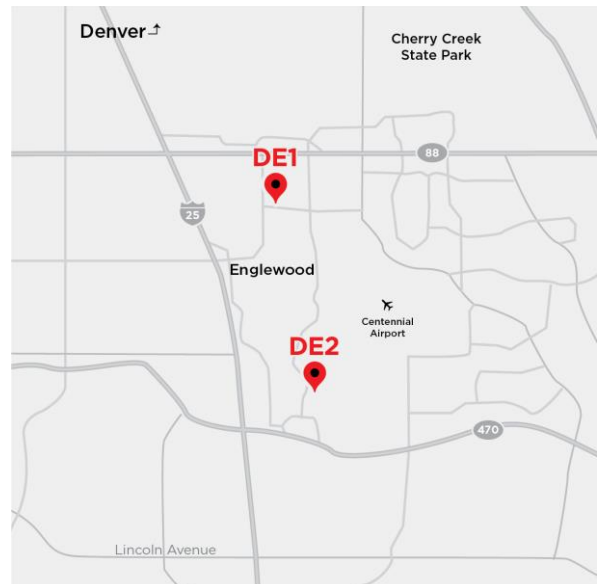

- Low risk for natural disasters is ideal for business continuity and disaster recovery operations
- Close to several telecommunications company headquarters, including Zayo and Lumen
- Connection to key communications networks serving the Chicago and San Francisco metropolitan areas

## Building

Space	
Colocation Space	71,184 ft <sup>2</sup> (6,613 m <sup>2</sup> )
Building Type	1-story, tilt-up concrete panels over steel
Parking	Adjacent to building (no charge)
Floor Type	Raised
Floor Load Capacity	250 psf (11.97 kN/m <sup>2</sup> )
Fire Protection	
Fire Suppression	Non-aspirated (duct/ceiling-mount)/double-interlocked pre-action (dry pipe)

## Facilities

Power and Cooling	
Cabinet Density	5.0 kVA per cabinet
Power Distribution	120/208V
Utility Feeders	2
UPS Configuration	Distributed redundant
UPS Redundancy	N+1
Standby Power Configuration	Two systems with each having 4 x 2,000 kW diesel generators
Standby Power Redundancy	N+1
Cooling Configuration	Air Cooled DX CRACs
Cooling Redundancy	N+20%

Security	
Physical	Perimeter fence. Authorized vehicles only. Physical security monitoring and centralized control with the latest systems available. Valid ID and access authority required.
Human	24/7 on-site security officers
Electronic	Biometric readers, proximity access card, CCTV surveillance with 90-day video retention

## Amenities

- Break Room
- Loaner Tools
- Showers
- Crash Carts
- Work Kiosks
- Wifi
- Conference Room

## Products and Services

### Data Center

- Private Cage
- Secure Cabinet
- Secure Cabinet Express
- AC Power Circuits
- DC Power Circuits
- Antenna

### Interconnection

- Equinix Fabric®
- Equinix Internet Exchange®
- Cross Connects
- Equinix Internet Access
- Fiber Connect

### Digital Infrastructure

- Equinix Precision Time®

### Services

- [Smart Hands®](#)
- Equinix Smart View
