## Silicon Valley IBX® Data Center

### Equinix Silicon Valley Data Centers

Equinix is the world's digital infrastructure company™. Digital leaders harness our trusted platform to bring together and interconnect the foundational infrastructure that powers their success. Our Silicon Valley data centers are business hubs for 730+ companies. Our Silicon Valley customers can choose from a broad range of network services from 135+ providers. They can also interconnect directly with customers and partners in their digital supply chain.

Our Silicon Valley colocation centers serve the highest concentration of technology companies with the largest peering hubs in the world. Top software, IT, engineering, computer, internet content, and microprocessor companies use our Silicon Valley colocation facilities to distribute high-availability, high-speed digital services. Silicon Valley is also home to Equinix's corporate headquarters.

### Silicon Valley Data Centers Benefits

- Interconnections to one of the world's largest internet exchanges and peering
- Dense mix of top global networks, cloud service providers, digital content companies, and social media platforms
- Largest retail colocation footprint and densest interconnectivity in the Silicon Valley region, with many mature business ecosystems to match customers with the right business partners
- Direct connection available to Amazon Web Services
- Access to the two largest peering hubs in the Silicon Valley market
- International carrier connections, including China Telecom, AT&T and BT

## Building

Space	
Colocation Space	107,918 ft <sup>2</sup> (10,026 m <sup>2</sup> )
Building Type	2-story, steel-framed building with precast concrete
Parking	Adjacent to building (for fee)
Floor Type	Slab
Floor Load Capacity	250 psf (11.97 kN/m <sup>2</sup> )

Flood Zone	
Flood Plain Info	Zone D

Seismic Rating	
Seismic Design Category	D

Fire Protection	
Fire Suppression	Double-interlocked, pre-action (dry pipe) and VESDA

## Facilities

Power and Cooling	
Cabinet Density	5.0 - 7.0 kVA per cabinet
Power Distribution	120V/208V
UPS Configuration	Block redundant
UPS Redundancy	N+1
Standby Power Configuration	3 x 2,000 kW diesel generators
Standby Power Redundancy	N+1
Cooling Configuration	High-efficiency indirect evaporative cooling (IDEC) units with indirect airside economizers
Cooling Redundancy	N+1

Security	
Physical	Man trap entry
Human	24/7 on-site security officers
Electronic	Biometric readers, fiber vault, CCTV surveillance with 90-day video retention, motion detection

## Amenities

- Break Room
- Loaner Tools
- Crash Carts
- Work Kiosks
- Wifi
- Conference Room

## Products and Services

### Data Center

- Private Cage
- Secure Cabinet
- Secure Cabinet Express
- AC Power Circuits
- DC Power Circuits
- Antenna
- Equinix Flex Space

### Interconnection

- Equinix Fabric®
- Equinix Internet Exchange®
- Equinix Internet Access
- Metro Connect®
- Cross Connects
- Campus Cross Connect

### Digital Infrastructure

- Equinix Precision Time®
- Equinix Metal
- Network Edge

### Services

- [Smart Hands®](#)
- Equinix Smart Build
- Equinix Smart View

## Reliability

Our IBX data centers boast an industry-leading, high average uptime track record of >99.9999% globally.

## Certification and Sustainability

### Certifications

- SOC 1 Type II
- SOC 2 Type II
- ISO 27001
- NIST 800-53/FISMA
- PCI DSS
- HIPAA
- ISO 22301

### Sustainability

- Certifications: LEED Silver (Phase 1), ISO 50001:2018
- Renewable Energy Coverage: 100% from San Jose Clean Energy (Greensource 100% carbon-free), RECs from wind VPPAs, and Green-e wind RECs
- Sustainable Tech: HCAC, State-of-the-art cooling system with IDECS, 528 kW solar PV rooftop, EV chargers, 5 MW Bloom Energy fuel cells

## About Equinix

Equinix (Nasdaq: EQIX) is the world's digital infrastructure company™. Digital leaders harness Equinix's trusted platform to bring together and interconnect foundational infrastructure at software speed. Equinix enables organizations to access all the right places, partners and possibilities to scale with agility, speed the launch of digital services, deliver world-class experiences and multiply their value, while supporting their sustainability goals.
