

nLighten edge data center

Birmingham.

BHX1

Birmingham is the second-largest city in the UK and lies in the heart of the Midlands. Home to a dynamic technology sector, as well as thriving advertising agencies and a robust financial services industry, Birmingham has garnered a reputation as a magnet for innovative enterprises. The nLighten data center in Birmingham strengthens the city's telecommunications networks and IT sector. It contributes to making Birmingham a prime destination where businesses converge with the future, forging a dynamic and forward-thinking environment for both industry and technology.

nLighten Birmingham.

The Garrison, Technology Park
3 Westley St
B9 4ER Birmingham

Location specifics.

The data center is conveniently located near the city center of Birmingham, close to the M6 motorway and just 30 minutes by car from the Birmingham Airport. The data center has an area of 930 m², 3,150 kW of power, an office area and ample parking space.

Like the other nLighten facilities, the Birmingham location enables our customers to benefit from a well-connected, high-availability data center and capable of housing high-density cabinets. The data center comes with a wide range of on-site services and a growing ecosystem of partners, all there to optimally support our customers' IT environment.

Highlights.

930 m²

of edge data center space

3,150 kW

proposed end-state site capacity

AI-readiness:
Design build of up to 50+ kW rear-door cooling

Sustainability:
Commitment to a net-zero carbon footprint

Compliance:
ISO27001 in all locations

Edge data center Birmingham Features.
