he.net

With **20+ carriers** on-net in our carrier hotel, RACK59 offers the most robust and diverse data center connectivity in the state of Oklahoma.

CARRIER NEUTRAL

Choose your fiber provider or receive RACK59's fast, balanced bandwidth blend.

FAST

Up to 100 Gbps speeds plus MPLS and both dark and lit fiber networks enable high speeds and low latency.

CUSTOMIZABLE

Varying speeds, cross-connects, meet-me-rooms, and other options allow fully customizable network solutions.

REDUNDANT

RACK59's blended bandwidth offers connectivity with 99.999% uptime.

INTERCONNECTED

Dedicated fiber can also provide connectivity to other Tier 1 providers including Sprint, Time Warner, Suddenlink, Fullnet and several others.
