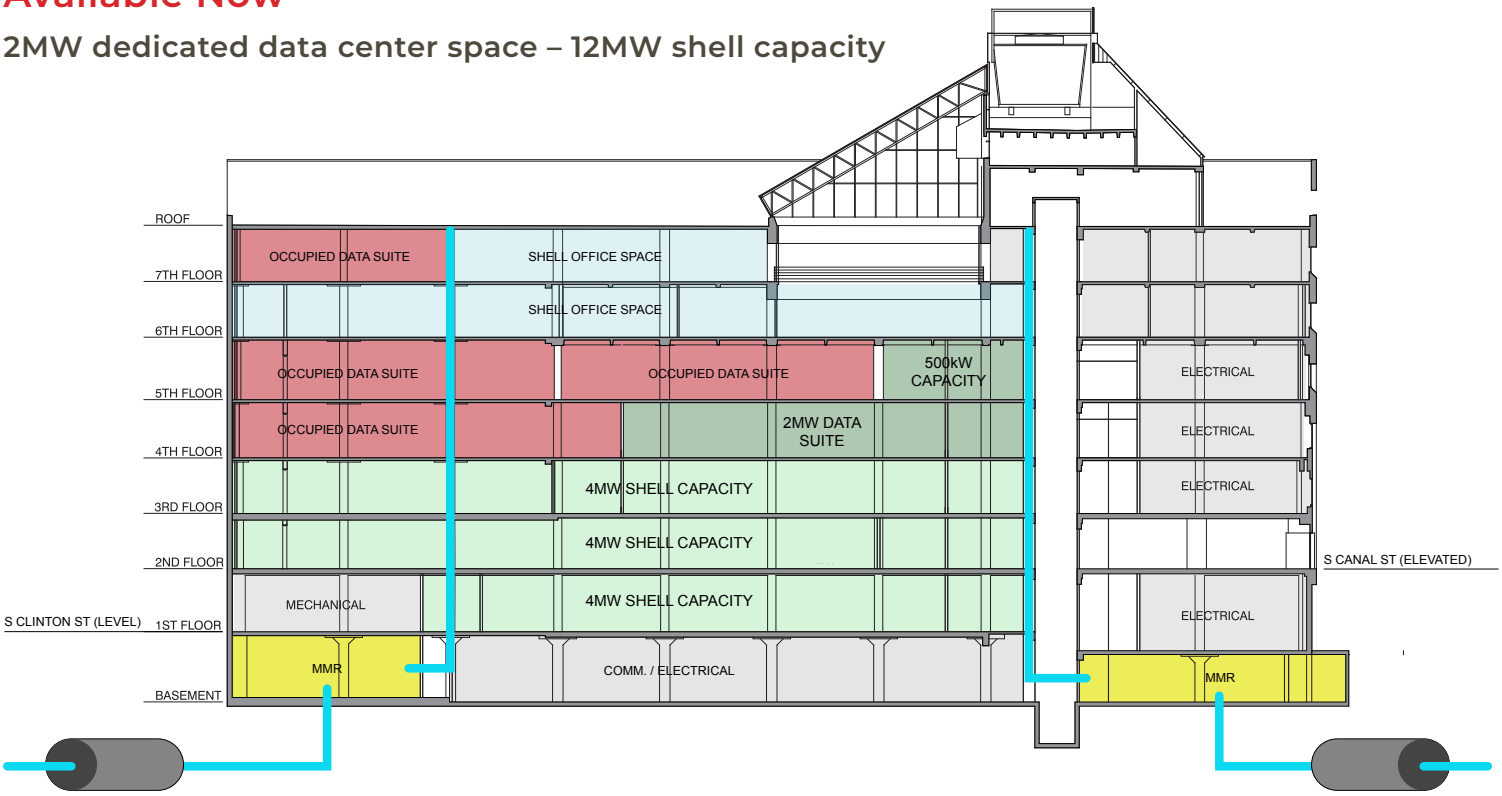
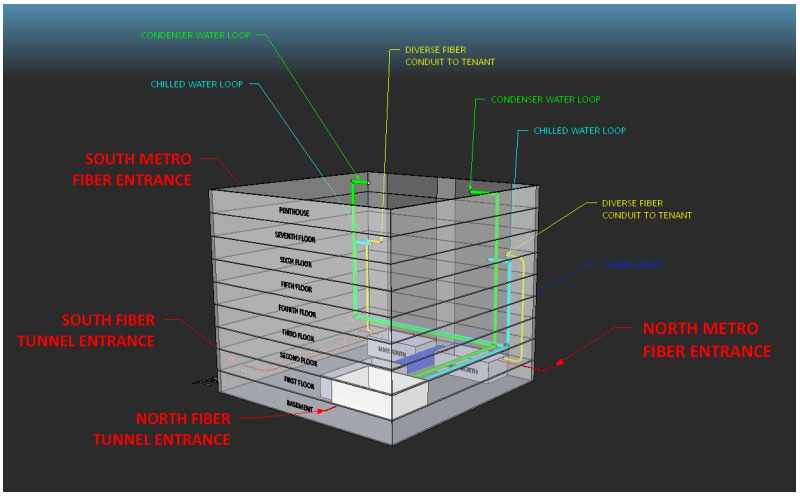
Available Now

2MW dedicated data center space – 12MW shell capacity



CHICAGO METRO FIBER RING
Completely seperated from the Chicago Freight & Trolly Tunnel

CHICAGO FREIGHT & TROLLY TUNNEL
55 feet below ground



- Direct access to the long-haul fiber networks via 2 direct tunnel ducts located 55 feet below Canal St.
- Distribution within the building provides additional levels of redundancy.
- Multiple Metro level entrances and 2 entrances to the long-haul fiber tunnels, giving it one of a kind, multi-dimensional diversity.
- 2 separate Meet Me Rooms, each having its own N+1 power and mechanical infrastructure and well as separate and diverse entrances.
