CAPACITY

Total Capacity
- 13MW

Facility Size
- 221,000 sq ft.

Deployments
- POWER STACK™: Immediately available shell capacity
- READY STACK™: RackReady ® data halls

COOLING & EFFICIENCY

Cooling
- N+1 CRAC units with free cooling

Efficiency
- Pumped refrigerant economization

Density
- High density deployments supported — in excess of 25 kW per cabinet

SAFETY & SECURITY

Security
- 24 x 7 on-site security personnel
- Dual factor authentication and biometric access
- Secure vehicle gates with badge access
- Perimeter fencing
- CCTV coverage with 93-day retention

Fire Protection
- Dual smoke detection systems including VESDA
- Double interlock pre-action fire suppression system

CONNECTIVITY

Diversity
- 2 Meet-Me-Rooms with diverse fiber entrances

Carrier Availability
- 7 Carriers on campus
- Carrier neutral

Additional Connectivity
- Roof space available

POWER & RELIABILITY

Utility Service
- Diverse underground utility feeds

Generators
- N+1 redundancy

Fuel Storage
- Minimum 24 hours of operation

UPS
- N+1 UPS configuration

PDU
- 2N PDU configuration

BMS Controls
- Client access to BMS portal

Building Hardening
- 190 mph wind-rated structure (EF4)

Flood Plain
- Above 500-year flood plain

AMENITIES

Work Space
- Conference rooms and break rooms
- Complimentary Wi-Fi
- Shared and dedicated office space

Storage
- Shared and private storage/staging

Client Conveniences
- Showers
- Bicycle storage
- Multi-bay secure loading dock

STACK is a leading data center company built from the ground up to address the full STACK of its clients' critical infrastructure needs today, and into the future. The company delivers a comprehensive suite of wholesale colocation, build-to-suit, and powered shell solutions in six markets today: Atlanta, Georgia; Chicago, Illinois; Dallas/Ft. Worth, Texas; Northern Virginia; Portland, Oregon; and Silicon Valley, California. With unparalleled existing and flexible expansion capacity in the leading availability zones, STACK provides the scale and geographic reach that rapidly growing enterprises and hyperscale businesses need.
