KANSAS CITY

Our Kansas City data center is one of two state-of-the-art TierPoint facilities located in the Kansas City metro area, and is one of over 40 facilities across the US and part of a network with guaranteed exceptional performance and low latency connections. We are a trusted provider to thousands of customers across all industries. Our facility, can support whether you need a server rack, a full cabinet, or a suite of customized managed services. We have the IT professionals, security specifications, and resilient infrastructure designed to meet your business needs.

Our Commitment

Carrier Neutrality and Redundancy
With our carrier-neutral facility including multiple Tier I providers on-net, diversely routed, you get access to the Internet bandwidth and connectivity services of your choice. Our Kansas City facility is interconnected with l0G wave services to our Lenexa, Bellevue, Midlands and St. Louis data center facilities.

Security
With a company-wide emphasis on security and compliance, our team adheres to strict, well-documented security processes.

Responsiveness and Expertise
All of our data centers are supported by passionate IT professionals focused on client success, responsiveness to client requirements, and who have the technical expertise and desire to help you achieve their business goals.

Scalability
At TierPoint we scale with you. All our data centers are built to meet growing demands for Disaster Recovery, cloud services, and managed services.

Our Facility

National Reach
One of two enterprise-class TierPoint data centers in the metropolitan area, our Kansas City facility is part of one of the largest, and most geographically diverse footprints in the nation. We deliver secure, reliable and connected infrastructure solutions.

Compliance
Our Kansas City facility is audited under SSAE 18 SOC 2 Type II, PCI-DSS*, GLBA and HIPAA standards annually and is ITAR and EU-US Privacy Shield registered.

Low Latency
Achieve high performance and low latency by having your critical infrastructure closer to your employees and end-users.

**Reliability**
Your business applications are backed by a 100% uptime SLA guarantee, supported by a local, dedicated team of IT professionals who are focused on delivering consistent and superior performance.
